### IMPORTANT NOTICE / FRAUDULENT EMAILS:

Dean Owens' personal email has been impacted by a phishing scam. Some people have reported unusual emails from Dean Owens requesting financial assistance on behalf of hospital patients and another email indicates that he needs a favor. Please disregard and delete these emails. **No one from Trinity Cathedral or the Diocese of Ohio would ever request financial assistance via email or send any such vague messages.**

## Stained Glass Window Vent Repairs

Whitney Stained Glass will undertake a stained glass window vent repair project this summer to restore the six (6) most deteriorated cathedral stained glass window vents. One of the vent repairs is partially underwritten through a designated capital campaign gift and the balance will be undertaken through the Trinity Cathedral maintenance budget. Included in the project is the installation of opening chains or a pulley system to reduce the risk of damage to the windows when operating.

Three vents will be removed at a time and the openings temporarily boarded up until the repairs are completed. It is anticipated that the project will be completed by the end of September.
